

THE ENERGY OF CHANGE: NEXANS PUBLISHES ITS INTEGRATED REPORT

PRESS RELEASE

Paris, November 19, 2020 – Nexans published its Integrated Report and unveiled an edition that embodies change and demonstrates the Group's ambition: to be a major player in the energy transition for a sustainable electrification of the world.

The report summarizes the Group's financial and extra-financial performance, its vision and strategy, as well as its commitments in terms of Social and Environmental Responsibility (People, Planet, Profit) and some of its most outstanding successes. This new edition is also enriched by Nexans' history which consists of more than 120 years of conquests and innovations that have helped build the world today.

In the unprecedented context of the Covid-19 health crisis, the Group's teams and management have demonstrated their solidarity and resilience. A crisis revealing the need to drive and embody change towards a more responsible world.

"The world afterwards must be thought, defined and imagined now, at all levels and for all the challenges we are facing. A new world for a new Nexans, we are ready for it," says Christopher Guérin, CEO of Nexans.

On November 18, Nexans organized an ESG Day. The Group showcased all of its ESG related initiatives. Access the ESG material [here](#) and watch the replay of the webcast of the ESG Day [here](#).

About Nexans

Nexans is a key driver for the world's transition to a more connected and sustainable energy future. For over 120 years, the Group has brought energy to life by providing customers with advanced cable technologies for power and data transmission. Today, Nexans goes beyond cables to offer customers a complete service that leverages digital technology to maximize the performance and efficiency of their critical assets. The Group designs solutions and services along the entire value chain in three main business areas: Building & Territories (including utilities and emobility), High Voltage & Projects (covering offshore wind farms, subsea interconnections, land high voltage), and Industry & Solutions (including renewables, transportation, oil and gas, automation, and others).

Corporate Social Responsibility is a guiding principle of Nexans' business activities and internal practices. In 2013 Nexans was the first cable provider to create a Foundation supporting sustainable initiatives bringing access to energy to disadvantaged communities worldwide. The Group's commitment to developing ethical, sustainable and high-quality cables also drives its active involvement within leading industry associations, including Europacable, the NEMA, ICF and CIGRE.

Nexans employs nearly 26,000 people with an industrial footprint in 34 countries and commercial activities worldwide. In 2019, the Group generated 6.7 billion euros in sales.

Nexans is listed on Euronext Paris, compartment A.
