

## The Product Training Zone

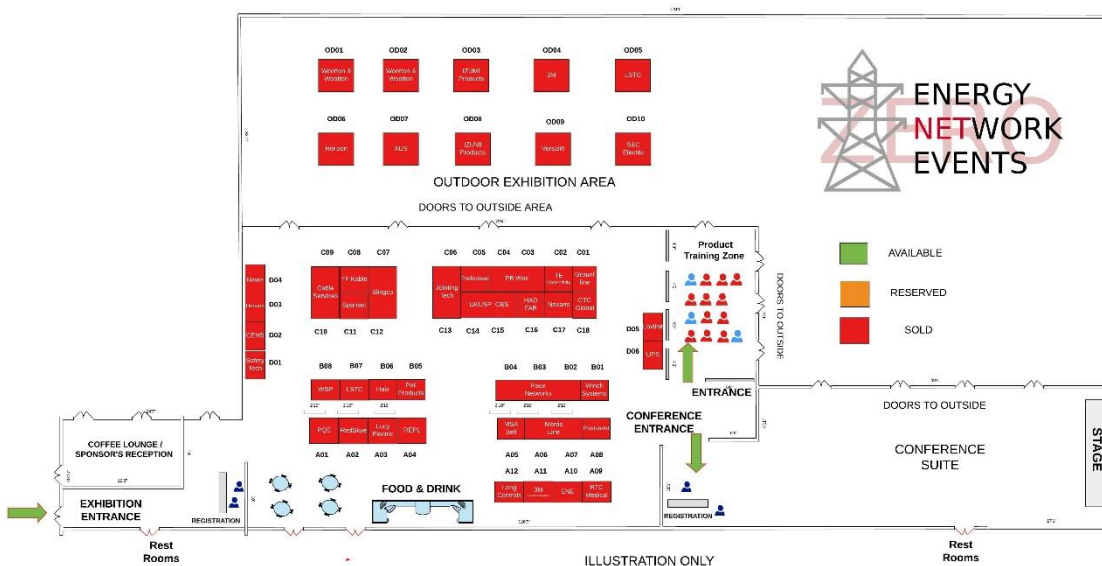

### Location

The product training zone is located within the main exhibition hall. It will be roped off and have theatre style seating.

## ENERGYx2020/21

Chester Racecourse 21st & 22nd September 2021

RACETRACK SIDE

### Facilities

There is a screen for presentations and a tabletop with a close-up camera zoomed in on the table therefore a live video feed of what you are presenting that can be displayed on the large screen behind you.

### Health and Safety

It is not mandatory that exhibitors wear PPE, but it is advisable if you are demonstrating something that could be associated with the risk of eye damage you should wear safety glasses. As stated above there is a screen for presentations and a tabletop with a close-up camera zoomed in on the table therefore a live video feed of what you are presenting can be displayed on the large screen behind you if there are any potential close up safety issues.

Energy Network Events Limited, 24-26 Regents Place Birmingham B1 3NJ United Kingdom  
Company Number 12212744

## Risk Assessment

All exhibitors presenting in the Product Training Zone must complete a Risk Assessment Form (plus a method statement for demonstrations etc. where applicable) using the online form 1 week before the event commences.

## Timings

It is important that the set-up times and breakdown times are observed. Where times cannot be adhered to, please let a member of the ENERGYx2020/21 events team know as soon as possible.
